		Opinions under the Civil Pioneer Force Ordinance 1942.	
1.	C.No.4986/21-B-43.	Sec 2- Regulation 12 - Definition of "War injury." Assessment of compensation.	1-2.

WE 9/8

Regulation 12 of the Civil Pioner Force Regulations for the purpose of assessing compensation makes a distinction between war injuries as defined in section 2 of the War Injuries Ordinance, 1941, and other injuries "War injury" as d defined insection 2(6) of the War Injuries Ordinance, 1941, means a physical injury---

(a) caused by ---

(i) the discharge of any missile (including liquids and gas), or

(ii) the use of any weapon, explosive or other noxious thing), or

(iii) the doing of any other injuries act, either by the enemy or in combating the enemy or

(b) caused by the impact on any person or property of any enemy aircraft or any aircraft belongin to or held by any person on behalf of for the benefit of His Majesty or any allied power or any part or any thing droppd from any such aircraft.

It appears clear from this provision that only such injuries as are sustained from certain causes by the Civil Pioneer Force during any actual or an imagined enemy attack are ter med war injuries while all other injuries sustained by them though in the discharge of their duties are inju ries but not " war injuries " . However, both kinds of injuries can be asse sed to compensation though differently under regulation 12 af the Civil Pioneer Force Regulations.
